

Global Goals Project

Global Goals Project (Presentations)

Revision and Presentation

I) Peer review / critique / revision

A chance for any changes you want to make.

You will bring your project to class and put it on display for the class.
You will have a chance to:

- Critique others
- Learn from others
- Revise your project
- Make corrections

II) Global Goals Fair

Publish, display, discuss and defend your ideas

You will bring your finished project to the gym on our Global Goals Fair day and put it on display in the gym.

Parents and all the students in the school will be invited to come into the gym and see your work.

In the gym you will have opportunities to:

- Display your Project
- See and learn from others
- Discuss your topic and what interest you about this topic
- Defend your ideas and help make others aware of this important topic.

In the end you will have hopefully addressed the three driving questions:

1) How do I get people to think about my topic?

2) What does my audience need to know about my topic?

3) What can individuals do / why should they care about my topic?
