

# Global Goals Fair

**THE GLOBAL GOALS**  
For Sustainable Development

## Global Goals Fair

### Schedule:

#### I) Set up.

- *Set up tables in the gym*
- *Set up Tri-boards / Chrome books / Laptops*
- *Run cords / set up speakers – (if necessary)*

#### II) Other students in your grade

- *After we are set up all students in your grade will be invited to look at the projects.*

#### III) Other students in the school.

- *Other students in the school will be invited to look at the projects and discuss the topics with the creators of the projects.*

#### IV) Parents and community members.

- *Once the other students depart in parents and community members will be invited down to look at the projects and discuss the topics with the creators of the projects.*

### Presentation:

There is no formal presentation during the **Global Goals Fair**.

- *You will be expected to be able to discuss your project without reading it and answer questions about your goal and connected topics.*

#### You should prepare

- *You will be assessed on your ability to discuss your project and answer questions about your goal and connected topics.*
- *Know your topic.*
- *Know what makes things worse and what makes things better.*
- *Know what people and organizations can do to help.*
- *Have a few interesting facts or statistics memorized so you can emphasise your point.*

## Presence:

You need to stay with your project

- *Students are expected to stay with their projects and be available. You might not be busy every moment but your project should not be unattended*

## Bonus

If you have made a PSA make sure you have the means to show it at the **Global Goals Fair**

- *(Computer, Cords, Speakers?)*
